HB 00001 (CONTINUED)

Replaces everything after the enacting clause. Reinserts the provisions of House Amendment No. 1, but with the following changes: Further amends the Open Meetings Act by exempting meetings or portions of meetings of the peer review subcommittee created under the Illinois Controlled Substances Act. Further amends the Alcoholism and Other Drug Abuse and Dependency Act as follows: Provides that the Director of the Division of Alcoholism and Substance Abuse shall (rather than may) publish annually a report on drug overdose trends statewide that reviews State death rates from available data to ascertain changes in the causes or rates of fatal and nonfatal drug overdose (rather than from available data to ascertain changes in the causes or rates of fatal and nonfatal drug overdose for the preceding period of not less than 5 years). Requires the report to include an analysis of drug overdose information reported to the Department of Public Health pursuant to the Counties Code and the Hospital Licensing Act. Provides that the report may include a description of efforts undertaken to educate the public about unused medication and about how to properly dispose of unused medication, including the number of registered collection receptacles in this State, mail-back programs, and drug take-back events. Defines "opioid antagonist" (rather than "opioid antidote"). Changes all instances of "opioid antidote" to "opioid antagonist" and makes corresponding changes in various laws. Exempts health care professionals who prescribe or dispense an opioid antagonist in certain situations from criminal liability, except for willful and wanton misconduct. Adds pharmacists to the list of persons the Director of the Division of Alcoholism and Substance Abuse shall consult with when developing and disseminating to health care professionals information on drug overdose prevention and recognition and other matters. Provides that every publicly or privately owned ambulance, special emergency medical services vehicle, non-transport vehicle, or ambulance assist vehicle, as described in the Emergency Medical Services (EMS) Systems Act, which responds to requests for emergency services or transports patients between hospitals in emergency situations must possess opioid antagonists (rather than requiring every publicly or privately owned provider of pre-hospital and inter-hospital emergency medical services to possess opioid antagonists and to establish a policy to control the acquisition, storage, transportation, and administrations of such opioid antagonists and to provide training in the administration of opioid antagonists). Makes changes to a provision concerning immunity from prosecution. Amends the Department of Human Services Act. Provides that the Illinois Environmental Protection Agency shall establish, by rule, a medication take-back program to allow for the collection and disposal of unused controlled substances (rather than unused medications); and makes other changes. Further amends the Illinois Fire Protection Training Act. Provides that the Office of the State Fire Marshal shall distribute (rather than conduct or approve) an in-service training program for fire fighters in the administration of opioid antagonists that is developed by the Department of Human Services. Amends the Illinois Criminal Justice Information Act. Provides that moneys in the Prescription Pill and Drug Disposal Fund shall be used for grants by the Illinois Criminal Justice Information Authority to municipalities or organizations that establish containers designated for the collection and disposal of unused controlled substances and that conduct the collection of unused controlled substances through mail-back programs. Further amends the School Code. Changes the definition of "asthma medication" to add a physician assistant who has been delegated prescriptive authority (rather than the authority to prescribe asthma medications) by his or her supervising physician to the list of asthma medication prescribers. Makes a change to the definitions of "standing protocol" and "undesignated epinephrine auto-injector". Requires the State Board of Education to submit a report to the General Assembly and the Department of Public Health (rather than the General Assembly) identifying the frequency and circumstances of opioid antagonist administration during the preceding academic year. Makes changes to the Hospital Licensing Act requiring health care professionals to report drug overdose cases to the Department of Public Health within a specified time period. Removes changes made to the Medical Practice Act of 1987 concerning mandatory continuing education hours on the abuse of controlled substances for licensed physicians. Further amends the Emergency Medical Services (EMS) Systems Act by requiring the EMS Medical Directors Committee to address regional standing medical orders for the administration of opioid antagonists and by granting the Department of Public Health the authority to prescribe education and training requirements in the administration and use of opioid antagonists for all levels of EMS personnel based on the National EMS Educational Standards and any modifications to those curricula specified by the Department through rules adopted pursuant to the Act (rather than the Department shall have the authority to prescribe education and training requirements for EMT and EMR personnel in the administration of opioid antagonists). Further amends the Illinois Insurance Code. Provides that coverage for opioid antagonists must include refills for expired or utilized opioid antagonists. Makes changes to the definition of "opioid antagonist". Provides that an individual or group health benefit plan amended, delivered, issued, or renewed on or after the effective date of the amendatory Act shall offer (rather than provide) coverage for medically necessary acute treatment services and medically necessary clinical stabilization services (rather than coverage for medically necessary acute treatment services and medically necessary clinical stabilization services for up to a total of 21 days before initiating utilization review procedure and shall not require preauthorization prior to obtaining acute treatment services or clinical stabilization services). Removes amendatory changes concerning external independent review decisions and appeals; uncertainty or disagreement with the enforcement of the provisions of a parity law; annual reports on the percentages of premiums spent on reimbursement for clinical service; annual reports on the percentage of capitated payments for mental health and substance use disorder services; and other matters. Adds a provision concerning the availability of plan information. Makes changes to the definition of "treatment limitation". Amends the Pharmacy Practice Act. Provides that notwithstanding any general or special law to the contrary, a licensed pharmacist may dispense an opioid antagonist in accordance with written, standardized procedures or protocols developed by the Department of Financial and Professional Regulation with the Department of Public Health and the Department of Human Services if the procedures or protocols are filed at the pharmacy before implementation and are available to the Department of Financial and Professional Regulation upon request. Department of Human Services before dispensing an opioid antagonist. Further amends the Illinois Public Aid Code. Provides that notwithstanding any other provision of the Code to the contrary, on or after July 1, 2015, injectable naltrexone prescribed for the treatment of alcohol dependence or the prevention of a relapse to opioid dependence (rather than prescribed by a physician for the treatment of alcohol dependence or the prevention of a relapse to opioid dependence) shall be covered under the medical assistance program. Provides that on or after July 1, 2015, methadone prescribed for the treatment of opioid dependence (rather than prescribed by a physician for the treatment of opioid dependence) shall be covered under the medical assistance program. Provides that on or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose (rather than opioid antidotes prescribed by a physician for the treatment of an opioid overdose) shall be covered under the medical assistance program. Provides that all moneys and sale proceeds of property forfeited and seized under specified provisions of the Code may be used to provide to the Department of Human Services funds to develop and implement the educational programs required pursuant to certain provisions under the Alcoholism and Other Drug Abuse and Dependency Act and the School Code. Further amends the Criminal Code of 2012 by renumbering certain provisions, removing amendatory changes concerning criminal or civil forfeitures, and removing an amendatory change extending the repeal date of the Illinois Street Gang and Racketeer Influenced and Corrupt Organizations Law Article to June 11, 2022. Further amends the Cannabis Control Act. Provides that before a person is (rather than may be) sentenced to probation, the court may (rather than shall) refer the person to drug court. Provides that if the drug court team finds that the person suffers from a substance abuse problem (rather than a severe substance abuse problem) that makes him or her substantially unlikely to successfully complete a sentence of probation, then the drug court shall set forth its findings in the form of a written order, and the person shall not be sentenced to probation, but may be considered for the drug court program. Makes similar changes in the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, and the Unified Code of Corrections. Removes amendatory change imposing a \$25 monthly fee on the person sentenced to probation. Further amends the Illinois Controlled Substances Act as follows: (i) makes a change to the definition of "prescription"; (ii) removes a provision concerning pain clinic registration and licensing; (iii) adds a provision requiring a physician to document in the medical record of a patient the medical necessity for the amount and duration of the 3 sequential 30-day prescriptions for Schedule II narcotics; (iv) removes a provision permitting pharmacies to fill a 10-day supply of a Schedule II controlled substance at one time subject to prescriber authorization and removes a provision requiring a prescriber to conduct an assessment of the patient regarding possible addiction tendencies and predisposition for substance abuse before issuing the first prescription in a single course of treatment for a Schedule II controlled substance; (v) removes language concerning certain actions a prescriber must take upon receipt of an unsolicited report issued by the Prescription Monitoring Program; (vi) adds a provision prohibiting the use of patient feedback as the basis of any adverse action, evaluation, or any other type of negative credentialing, contracting, licensure, or employment action taken against a prescriber or dispenser; (vii) restores language providing that nothing shall create a requirement that any prescriber, dispenser, or pharmacist request any patient medication disclosure, report any patient activity, or prescribe or refuse to prescribe or dispense any medications; (viii) removes a provision requiring the Department of Financial and Professional Regulation to adopt rules on or before January 1, 2016 regarding the oversight of prescriber practices as reported to the Prescription Monitoring Program; (ix) changes provisions concerning the prescription monitoring program and the central repository for the collection of certain information transmitted under the Act; (x) adds provisions requiring the Prescription Monitoring Program: to automatically create a log-in to the inquiry system when a prescriber or dispenser obtains or renews his or her controlled substance license; to maintain an Internet website in conjunction with its prescriber and dispenser inquiry system; and to regularly send electronic updates to the registered users of the Program; (xi) requires the Department of Financial and Professional Regulation to adopt rules concerning certain matters; (xii) creates the Prescription Monitoring Program Advisory Committee to assist the Department of Human Services in implementing the Prescription Monitoring Program (rather than the Secretary of the Department of Human Services must appoint an advisory committee to assist the Department of Financial and Professional Regulation in implementing the controlled substance prescription monitoring program); (xiii) in a provision requiring the Clinical Director of the Prescription Monitoring Program to select 5 members to serve on a peer review subcommittee, requires the peer review subcommittee to prepare an annual report starting on July 1, 2017; (xiv) makes it a Class A misdemeanor to knowingly withhold information requested from a practitioner, with the intent to obtain a controlled substance that has not been prescribed, by misrepresentation, fraud, forgery, deception, subterfuge, or concealment of a material fact; and (xv) makes other changes. Notice of the hearing shall be provided to the Director of Juvenile Justice and the minor's parent and guardian and attorney. Provides that if after receiving evidence, the court determines that the services contained in the placement plan are not reasonably calculated to prepare the minor for reentry into the community, the court shall put into writing the factual basis supporting the determination and enter specific findings based on the evidence. Provides that the court also shall enter an order for the Department to develop and implement a new placement plan or to implement changes in the current placement plan consistent with the court's findings. Replaces everything after the enacting clause. Creates the Social Services Contract Notice Act. Provides that a grant agreement, service agreement, or contract between a State agency and an authorized service provider for the provision of social services may be terminated by either party to the agreement, contract, or grant for any or no reason upon 30 days' prior written notice to the other party. Provides that, unless the Illinois Grant Funds Recovery Act provides otherwise, a suspension or reduction in the estimated amount of the grant agreement, service agreement, or contract is subject to 30 days' prior written notice to the other party. Requires a written notice issued by a State agency to include the date upon which the authorized service provider must submit its final invoice to the State agency for payment for services rendered. Permits a State agency, upon written notice, to immediately terminate a grant agreement, service agreement, or contract for social services if the authorized service provider has made material misrepresentations or material omissions explicitly prohibited under the designated agreement or contract. Permits an authorized service provider, upon written notice, to immediately terminate or suspend a grant, contract, or agreement if the State agency owes the provider funds under the grant agreement, service agreement, or contract that are over 90 days past due. Provides that these provisions concerning the termination of the contract or agreement (i) do not affect the parties' ability to immediately terminate a grant agreement, service agreement, or contract for breach of contract and (ii) apply to agreements or contracts executed on or after the effective date of the Act. Requires a State agency to notify the Governor, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and the Minority Leader of the Senate in writing of its intent to suspend, terminate, or reduce the amount of a grant agreement, service agreement, or contract for a particular social services program due to the failure of appropriation or a reduction in the amount of available funds to support the program. Provides that such notice shall be provided no less than 120 days before the State agency suspends, terminates, or reduces the grant agreement, service agreement, or contract and must include the level of appropriations required to prevent the suspension, termination, or reduction. Provides that the provisions concerning notifications apply to agreements and contracts entered before, on, or after the effective date of the Act and that the requirements of the Act may not be waived by agreement. Provides that the failure of a State agency to submit notice to the General Assembly as required shall not prevent termination of a contract or agreement entered into prior to the effective date of the Act. Creates the MC/DD Act. Provides that long-term care for under age 22 facilities shall be licensed as medically complex for the developmentally disabled facilities under the MC/DD Act instead of the ID/DD Community Care Act. Makes the provisions in the MC/DD Act substantially the same as those in the ID/DD Community Care Act, including provisions for the rights of residents and responsibilities of facilities, licensing, violations and penalties, and transfer or discharge of residents. Amends various Acts to make conforming changes. Amends the State Mandates Act to require implementation without reimbursement. Contains a nonacceleration provision. Effective July 1, 2015.

Senate Committee Amendment No. 1

In the MC/DD Act, removes provisions establishing the MC/DD Facility Advisory Board and replaces references to the MC/DD Facility Advisory Board with references to the DD Facility Advisory Board established under the ID/DD Community Care Act. In the Illinois Public Aid Code, incorporates MC/DD facilities into a provision that requires the Department of Healthcare and Family Services to establish procedures, within 365 days after August 15, 2014, to permit ID/DD facilities to submit monthly billing claims for reimbursement purposes and deletes a provision that requires the Department to establish those procedures for MC/DD facilities within 365 days after the effective date of the amendatory Act. In a provision of the Illinois Health Facilities Planning Act that defines the term "health care facilities", incorporates MC/DD facilities into an existing list item concerning ID/DD facilities (instead of as a standalone list item).

105 ILCS 5/27A-5.5 new

Amends the Charter Schools Law of the School Code. Requires a charter school to comply with all applicable absenteeism and truancy policies and requirements applicable to public schools under the laws of the State of Illinois. Sets forth how a charter school must define a truant, chronic or habitual truant, truant minor, and dropout. Effective immediately.

Fiscal Note (IL State Board of Education)

HB 3199 will not likely have a significant fiscal impact to the State. The legislation will require charter schools to comply with truancy and absenteeism policies applicable to public schools in Illinois. Charter school students are counted in the Average Daily Attendance of the local school district when calculating the district's General State Aid entitlement, so to the extent that new truancy and absenteeism policies increase attendance at charter schools, this could increase the overall GSA claim to the State in an unknown amount. In addition, there may be an unknown cost to charter schools to adopt and comply with these policies.

Fiscal Note, House Committee Amendment No. 1 ()

HB 3270 (H-AM 1) would potentially increase costs to be Department of Human Services (DHS). The amendment stipulates that the Department of Healthcare and Family Services (HFS) shall not deny a person's application for medical assistance solely because the person is an inmate of a public institution, e.g., a county jail. It also states that no later than 90 days prior to the scheduled discharge of a person committed to Department of Corrections custody, the Department of Healthcare and Family Services shall give the person an opportunity to apply for medical assistance under Article V of the Public Aid Code, and will provide assistance with completion of that application.

The potential costs to the Department of Human Services operations depends upon the volume of applications, which could be high. If it exceeds the Department of Healthcare and Family Services' capacity to process and assist with the applications, then, due to the time frame required, the Department of Human Services staff will be impacted as well. The question is to what extent staff time and effort will be affected by the increase in applications received and processed; therefore, it is difficult to quantify the impact.

Senate Floor Amendment No. 1

Further amends the Unified Code of Corrections. Provides that 45 days prior to (rather than no later than 90 days prior to) the scheduled discharge of a person committed to the custody of the Department of Corrections, the Department shall give the person who is otherwise uninsured an opportunity to apply for health care coverage including medical assistance (rather than shall give the person an opportunity to apply for medical assistance) under Article V of the Illinois Public Aid Code in accordance with a specified provision of the Illinois Public Aid Code, and the Department of Corrections shall provide assistance with completion of the application for health care coverage including medical assistance (rather than shall provide assistance with completion of the application for medical assistance in accordance with a specified provision of the Illinois Public Aid Code).

410 ILCS 130/70

410 ILCS 130/220

Amends the Compassionate Use of Medical Cannabis Pilot Program Act. Provides that patient registry identification cards issued prior to the date the first dispensary organization registration is issued by the Department of Financial and Professional Regulation shall be extended for a period of one year from the date such registration is issued without further fee to the cardholder. Requires the Department of Financial and Professional Regulation to file with the Index Department of the Office of the Secretary of State a declaration to that effect, and to notify the Clerk of the House of Representatives, the Secretary of the Senate, and the Legislative Reference Bureau of the filing of the declaration. Extends the date of repeal of the Act from January 1, 2018 to 4 years after the filing of the declaration.

House Committee Amendment No. 1

Adds an immediate effective date.

Pension Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)

This bill will not impact any public pension fund or retirement system in Illinois.

Correctional Note, House Committee Amendment No. 1 (Dept of Corrections)

There are no penalty enhancements associated with this bill. The bill would have no fiscal or population impact on the Department of Corrections.

Land Conveyance Appraisal Note, House Committee Amendment No. 1 (Dept. of Transportation)

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

State Debt Impact Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Balanced Budget Note, House Committee Amendment No. 1 (Office of Management and Budget)

This bill does not have an anticipated budget impact to the State of Illinois.

Fiscal Note, House Committee Amendment No. 1 (Dept. of Public Health)

It is impossible to estimate the total value of potential lost revenue because the date when dispensary organization registrations will be issued is unknown. At the end of March 2015, the Department is expected to have 2,000 approved medical cannabis registry cardholders. If the Department of Financial and Professional Regulation were to issue dispensary organization registration on April 1, 2015, the provisions of House Bill 3299, as amended, would result in a one-year extension for the registration of those 2,000 registry cardholders. This would result in an estimated revenue loss of approximately \$200,000 for the Illinois Department of Public Health during FY2016. It should be noted that if the dispensary organization registrations are issued later than April 1, the estimated revenue loss will increase by the number of newly approved medical cannabis registry cardholders.

Housing Affordability Impact Note, House Committee Amendment No. 1 (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Judicial Note, House Committee Amendment No. 1 (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

State Mandates Fiscal Note, House Committee Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Home Rule Note, House Committee Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

Governor Amendatory Veto Message

Recommends changing the date of repeal of the Compassionate Use of Medical Cannabis Pilot Program Act from January 1, 2018 to April 30, 2018 (instead of changing it from January 1, 2018 to 4 years after the occurrence of certain conditions).

Replaces everything after the enacting clause. Amends the Children and Family Services Act. Provides that the Department of Children and Family Services shall provide, as required by the Act or any applicable State or federal law, child welfare services aimed at assisting minors in achieving sustainable self-sufficiency as adults for any minor for whom the Department is appointed the custodian or guardian pursuant to the Juvenile Court Act of 1987. Provides that such services shall include, but shall not be limited to: transitional living programs; independent living programs; educational assistance, including Youth in College, community college tuition waivers, and scholarships awarded by the Department; case management; mentoring; Youth in Employment; counseling; support and services for pregnant and parenting youth; sibling and parent visitation services and support; vocational training; and, as appropriate, transitioning youth to appropriate adult placement services and guardianship and any other service included in the youth's case plan. Provides that this provision shall not be interpreted as creating a new obligation of the Department to provide services, but as recognizing an existing and continuing obligation to provide services to youth in the Department's care, including those between the ages of 18 and 21 and those over the age of 21 receiving assistance through scholarships awarded by the Department and Youth in College programs, and any other applicable programs. Makes other changes. Amends the Juvenile Court Act of 1987. In provisions concerning dispositional orders made in respect of wards of the court and permanency hearings, deletes language providing that unless otherwise specifically authorized by law, the court is not empowered to order specific placements, specific services, or specific service providers to be included in the child's service plan. In provisions concerning the duration of wardship and the discharge of proceedings, provides that all proceedings under the Act automatically terminate upon the minor attaining the age of 21; and that the clerk of the court shall at that time record all proceedings as finally closed and discharged for that reason (rather than all proceedings under the Act in respect of any minor for whom a petition was filed after the effective date of this amendatory Act of 1991 automatically terminate upon his attaining the age of 19 years, except that a court may continue the wardship of a minor until age 21 for good cause when there is satisfactory evidence presented to the court and the court makes written factual findings that the health, safety, and best interest of the minor and the public require the continuation of the wardship). Provides that in ruling on a motion by any party requesting that the case of a minor over the age of 18 be closed to independence, the court, upon the request of any party, shall conduct a permanency hearing instant; and that after conducting the permanency hearing, the court is authorized to enter any orders necessary to assist the minor in preparing to live independently, including orders requiring the Department of Children and Family Services to provide services and placement. Deletes a provision allowing for the automatic termination of the wardship of a minor and any custodianship or guardianship respecting the minor for whom a petition was filed after a specified date when the minor attains the age of 19 years.

Fiscal Note, House Committee Amendment No. 1 (Dept. of Children & Family Services)

HB 3507 (H-AM 1) would have three types of impact on the Department's budget. First, it provides additional statutory requirements regarding the \$100 million in projected service expenditures for young adults aged 18 and over. Secondly, it creates substantial new financial liabilities by expanding the number of lawsuits that can be brought against the State; and providing judges the ability to order specific services independent of the State procurement system. Thirdly, it further disincentivizes youth from engaging in services and would significantly reduce the Department's federal return.

 305 ILCS 5/5-5.01a

Amends the Illinois Act on the Aging, the Disabled Persons Rehabilitation Act, and the Illinois Public Aid Code.

Regarding services provided under the Community Care Program, the Home Services Program, the supportive living facilities program, and the nursing home prescreening project, provides that individuals with a score of 29 or higher based on the determination of need assessment tool are eligible to receive institutional and home and community-based long term care services until the State receives federal approval and implements an updated assessment tool. Requires the Department on Aging, the Department of Human Services, and the Department of Healthcare and Family Services to promulgate rules regarding the updated assessment tool, but prohibits those Departments from promulgating emergency rules regarding the updated assessment tool. Provides that the State shall not implement an updated assessment tool that causes more than 1% of then-current recipients to lose eligibility; and that anyone determined to be ineligible for services due to the updated assessment tool shall continue to be eligible for services for at least one year following that determination and must be reassessed no earlier than 11 months after that determination. Further amends the Illinois Public Aid Code by deleting a provision requiring the Department of Healthcare and Family Services to, subject to federal approval, on and after July 1, 2012, effectuate an increase in the determination of need scores from 29 to 37 for applicants for institutional and home and community-based long term care. Amends the Nursing Home Care Act. Provides that no individual receiving care in an institutional setting shall be involuntarily discharged as the result of the updated assessment tool until a transition plan has been developed by the Department on Aging or its designee and all care identified in the transition plan is available to the resident immediately upon discharge. Effective immediately.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: Further amends the Illinois Act on the Aging. Removes a provision requiring the Department on Aging to establish eligibility standards for services provided under the Community Care Program and instead sets forth the criteria individuals must meet to have equal access to services under the Community Care Program. Makes changes to provisions added to the Act concerning the eligibility of individuals with a determination of need score of 29 or higher for institutional and home and community-based long term care services until the State receives federal approval and implements an updated assessment tool; and adds a provision requiring service cost maximums to be set at levels no lower than the service cost maximums that were in effect as of January 1, 2016 and to be increased accordingly to reflect any rate increases. Makes changes to provisions added to the Rehabilitation of Persons with Disabilities Act and the Illinois Public Aid Code concerning the eligibility of individuals with a determination of need score of 29 or higher for institutional and home and community-based long term care services until the State receives federal approval and implements an updated assessment tool. Further amends the Illinois Public Aid Code by providing that no individual receiving care in an institutional setting shall be involuntarily discharged as the result of the updated assessment tool until a transition plan has been developed by the Department on Aging or its designee and all care identified in the transition plan is available to the resident immediately upon discharge. Effective immediately.

Fiscal Note, House Floor Amendment No. 1 (Dept. on Aging)

This cost estimate is predicated upon an unaltered continuation of the current service structure under CCP, which would result from the enactment of HB 4351 into law. In its proposed FY17 budget, Illinois Department on Aging seeks to secure considerable cost savings by creating a new program, the Community Reinvestment Program (CAP), designed to provide a multitude of flexible services for non-Medicaid individuals currently being served under CCP. The estimated cost of \$200 million is in addition to the Governor's introduced budget for CAP and CCP. These savings amount to \$197 million during the next fiscal year. The program will ensure sustainable spending levels and that essential community services remain available for the approximately 44,000 non-Medicaid persons now served by CCP.

Amends the Code of Criminal Procedure of 1963. Any party who learns of the death of a defendant in a criminal case that is pending on appeal shall promptly notify the other party and file a certificate of notice of the defendant's death with the court before which the appeal is pending. If the appeal is by the State, upon the filing of the certificate, the court shall vacate the judgment and sentence of the trial court and the cause shall be forever abated. If the appeal is by the defendant, upon the filing of the certificate, the court shall immediately stay further action in the proceeding for 28 days. During the stay, the executor or administrator of the defendant's estate, the defendant's attorney on appeal, the Office of the Appellate Defender, or the Public Defender in the county in which the defendant was convicted, or other successor in interest shall have standing to petition the court for leave to intervene in the appeal for the purpose of pursuing the appeal in place of the defendant. If the court receives a timely petition for leave to intervene, the court shall permit the petitioning party to intervene in the appeal in place of the defendant and the appeal shall proceed in the same manner as if the defendant were still alive. If, after intervention, the appeal results in: (1) the entry of an order affirming the decision of the trial court, the intervenor may continue to pursue the appeal on the behalf of the defendant or seek post-conviction relief to the extent that further appellate or post-conviction relief would have been available to the defendant were he or she still alive; (2) a finding of error by the court resulting in the reversal of a defendant's conviction, the court shall vacate the judgment and sentence of the trial court and the cause shall be forever abated; or (3) a finding of error which would require the trial court to resentence the defendant, but does not require reversal of the defendant's sentence, the court shall vacate the sentence imposed by the trial court and the conviction shall stand. If no petition for leave of the court to intervene is filed, the court shall dismiss the appeal without disturbing the decision of the trial court or sentence it imposed.

House Floor Amendment No. 1

Provides an executor or administrator of the defendant's estate or other successor in interest shall have standing to file a certificate of notice of the defendant's death with the court before which the appeal is pending to initiate vacating an appeal brought by the State or obtain a stay for intervention or ultimate dismissal in an appeal brought by the defendant.

Upon filing of the certificate, the court shall enter an order abating the proceedings entirely. Creates a new Article in the Code for pending direct appeal after the defendant's death. Provides unless the executor or administrator of the defendant's estate or other successor in interest files a verified motion to intervene in the direct appeal within 30 days of the filing of a certificate of notice of the defendant's death, the reviewing court shall dismiss the direct appeal without disturbing the judgment of the circuit court. Provides that in the initial training of new recruits and every 5 years in the continuing education of law enforcement officers, every law enforcement agency shall provide training to aid in understanding the actions of domestic violence victims and abusers and to prevent further victimization of those who have been abused, focusing specifically on looking beyond the physical evidence to the psychology of domestic violence situations, such as the dynamics of the aggressor-victim relationship, separately evaluating claims where both parties claim to be the victim, and long-term effects. Provides that the Law Enforcement Training Standards Board shall formulate and administer the training as part of the current programs for both new recruits and active law enforcement officers. Provides that the Board shall formulate the training by July 1, 2017, and implement the training statewide by July 1, 2018. Effective July 1, 2016.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Illinois Act on the Aging. In a provision concerning the Community Care Program, establishes the following rate increases for the purpose of increasing the wages paid by vendors to their employees who provide homemaker services: on July 1, 2016, rates shall be increased to \$19.23 per hour, for the purpose of increasing wages by at least \$1.25 per hour; on July 1, 2017, rates shall be increased to \$21.32 per hour, for the purpose of increasing wages by at least \$1.25 per hour; on July 1, 2018, rates shall be increased to \$23.41 per hour, for the purpose of increasing wages by at least \$1.25 per hour; and on July 1, 2019, rates shall be increased to \$25.08 per hour, for the purpose of increasing wages by at least \$1 per hour. Effective July 1, 2016.

Fiscal Note, House Committee Amendment No. 1 (Dept. on Aging)

Under both proposed changes, the cost of providing services to the aging population will rise significantly. During the next four fiscal years, the proposed rate increase is estimated to result in \$1.1 billion in additional program and administrative costs. This estimate is predicated upon projected homemaker hours during the specified fiscal years. The costs incurred by this bill are not included in the Governor's introduced budget and are not in keeping with what the state can currently afford. Should the increases take effect, the sustainability of programs reliant upon Homemaker hours will be directly impacted.

HB 05764 (CONTINUED)

This bill will have a fiscal impact on the Department in term of both internal administrative costs and program operating costs. During the next four fiscal years, the proposed rate increase is estimated to result in \$1.1 billion in additional program and administrative costs. This increase in costs is not included in the Governor's FY17 proposed budget and there are no other proposals to reduce spending or increase revenues to offset these increased costs. Should the increases take effect, the sustainability of programs reliant upon Homemaker hours will be directly impacted.

Housing Affordability Impact Note, House Committee Amendment No. 1 (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in this legislation, therefore, there are no appraisals to be filed.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Pension Note (Government Forecasting & Accountability)

HB 5785 will not impact any public pension fund or retirement system in Illinois.

State Debt Impact Note (Government Forecasting & Accountability)

HB 5785 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Correctional Note (Dept of Corrections)

This bill has no fiscal or population impact on the Department of Corrections.

Balanced Budget Note (Office of Management and Budget)

House Bill 5785 will have a negative fiscal impact as it relates to bond sales and additional debt service. It will open up the Department of Commerce and Economic Opportunity to the risk of higher expenditures from the Build Illinois Bond Fund. This would require the Governor's Office of Management and Budget to sell more bonds, which would require additional debt service. This additional debt service will have a negative impact on the General Revenue Fund.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect to the homeowner on the cost of owning a single-family residence. However, the federal prevailing wage requirement, the increase in maximum grant award will cause fewer homes to be assisted under these programs.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This legislation does create a State mandate.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This legislation does not pre-empt home authority.

Fiscal Note (Dept. of Commerce & Economic Opportunity)

Assuming a capital re-appropriation, use of Urban Weatherization Initiative (UWI) funding would require the sale of Build Illinois Bonds. This would increase the debt service of the State of Illinois and result in a negative impact on GRF funds.

Governor Amendatory Veto Message

Recommends amending the Urban Weatherization Initiative Act and the Energy Assistance Act by: inserting language providing that works financed or funded in whole or in part with grants awarded under those Acts shall not be considered public works for purposes of the Prevailing Wage Act; deleting language providing that employees hired under the Urban Weatherization Initiative shall be paid in accordance with the hourly wages associated with the federal prevailing wage rates for weatherization workers; and deleting language providing that individuals performing weatherization work under the weatherization program shall be paid in accordance with the hourly wages associated with the federal prevailing wage rates for such weatherization classifications as determined by the U.S. Department of Labor, until specifically superseded by additional standards and regulations.

20 ILCS 1705/55.5 new

305 ILCS 5/5-5.4i new

Amends the Mental Health and Developmental Disabilities Administrative Act and the Illinois Public Aid Code. Provides that the Department of Human Services shall establish reimbursement rates which build toward livable wages for front line personnel in residential and day programs serving persons with intellectual and developmental disabilities, including but not limited to intermediate care facilities for persons with developmental disabilities, community integrated living arrangements, developmental training programs, employment, and other residential and day programs for persons with intellectual and developmental disabilities supported by State funds or funding under Title XIX of the federal Social Security Act. Provides that the Department shall increase rates and reimbursements so that direct support persons earn a base wage of not less than \$15 per hour and so that other front line personnel earn a commensurate wage. Defines "front line personnel". Effective immediately.

Fiscal Note (Dept. of Human Services)

Fiscal Impact Supplement: The DSP rate increase to \$15/hour will cost the state an estimated annual increase of \$3301\1. (1) The current CILA rate model includes \$10.71/hour for DSP wage rates. The proposed legislation would increase the DSP rates by 40.1 %, increasing from \$10.71 to \$15.00. ICF/DD DSP current wage is \$11.05/hour, an increase to \$15 would be a 35.7% cost to the program liability. (2) The legislation does not only impact DSP, also requires commensurate rate increases across all staffing levels within the affected categories. As a result, all Community Integrated Living Arrangements (CILA) and Developmental Training (DT) staffing categories would increase by 40 .1% above current rates. Categories impacted by the proposed rate increase include DSP, Supervisors, Qualified Intellectual Disabilities Professional Course Coordinator (QIDP), Licensed Practical Nurses (LPN), and registered Nurses (RN). These amounts total an estimated \$330M annual increase in costs that are not included in the Governor's FY17 proposed budget.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

Pension Note (Government Forecasting & Accountability)

HB 5931 will not impact any public pension fund or retirement system in Illinois.

State Debt Impact Note (Government Forecasting & Accountability)

HB 5931 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Correctional Note (Dept of Corrections)

No fiscal or population impact on the Department.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Balanced Budget Note (Office of Management and Budget)

This bill will have an extraordinary fiscal impact to the State of Illinois. The Governor's Office of Management and Budget estimates that this bill could potentially increase state spending for services to the developmentally disabled by \$330 million. This increase in costs is not included in the Governor's FY17 proposed budget. There are no proposed revenues or offsetting budget reductions to support these increased costs.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in this bill, therefore, there are no appraisals to be filed.

Provides that with respect to licensees and applicants under specified occupational Acts, the Department of Financial and Professional Regulation shall include formal complaints, including a refusal to issue a potential licensee with a positive conviction history for professions covered by the license, in its publication of disciplinary actions. In provisions amending the Funeral Directors and Embalmers Licensing Code, makes changes concerning grounds for disciplinary actions. Provides that the Department shall not deny a license to a potential licensee whose conviction history is directly related to the profession for which a license is sought if the Department has not considered mitigating factors provided in the Act. Removes a potential licensee that the Department of Healthcare and Family Services has previously determined is more than 30 days delinquent in the payment of child support as an individual the Department of Financial and Professional Regulation may refuse to renew or may revoke or suspend that person's license or may take other disciplinary action against that person based solely upon the certification of delinquency made by the Department of Healthcare and Family Services. Provides that the Department of Financial and Professional Regulation may not refuse to issue a license to a potential licensee who is an obligor because the obligor's child support arrearage equals or exceeds the amount of child support payable for 12 (rather than 6) months. 40 ILCS 5/7-154	from Ch. 108 1/2, par. 7-154
40 ILCS 5/7-159	from Ch. 108 1/2, par. 7-159

40 ILCS 5/16-143.2	from Ch. 108 1/2, par. 16-143.2

Amends the Illinois Municipal Retirement Fund (IMRF), State Universities, and Downstate Teacher Articles of the Illinois Pension Code. Provides that certain annuitants who received a refund of contributions for survivor benefits may elect to repay the refund, with interest, and have their survivor benefit rights reinstated. Specifies the required time and manner of repayment. In the IMRF and State Universities Articles, requires that the annuitant (1) retired prior to June 1, 2011, and (2) is a party to a civil union, marriage, or other legal relationship that is recognized as a civil union or marriage under the Illinois Religious Freedom Protection and Civil Union Act or the Illinois Marriage and Dissolution of Marriage Act on or after certain specified dates. Also, in the IMRF Article, extends application of a provision added by Public Act 87-850 to spouses of annuitants who die on or after the effective date of this amendatory Act. Effective immediately.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in HB 6021; therefore, there are no appraisals to be filed.

Housing Affordability Impact Note (Housing Development Authority)

This bill has no fiscal effect on constructing, purchasing, owning, or selling a single-family residence.

State Debt Impact Note (Government Forecasting & Accountability)

HB 6021 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

House Committee Amendment No. 1

Adds reference to:

40 ILCS 5/15-139	from Ch. 108 1/2, par. 15-139
------------------	-------------------------------

Deletes everything after the enacting clause and reinserts similar provisions. Changes the period during which the election may be made, from calendar year 2016 to a period of one year beginning 5 months after the effective date of the amendatory Act. In the State Universities Article of the Illinois Pension Code, adds an additional reference to repayment of the survivors insurance contribution refund or additional annuity payments. Effective immediately.

Fiscal Note (Teachers' Retirement System)

Administrative cost impact - Administering the provisions of this bill would not increase the administrative costs of TRS.

Actuarial cost impact - No increase in State funding requirements is expected if this bill becomes law. The costs of the survivor benefit program are covered by the member's 1 percent survivor benefit contribution.

Judicial Note, House Committee Amendment No. 1 (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in this legislation, therefore, there are no appraisals to be filed.

Balanced Budget Note, House Committee Amendment No. 1 (Office of Management and Budget)

The net cost of House Bill 6021 (H-AM 1) to TRS or SURS cannot be determined at this time. IMRF could experience additional cost, but since IMRF receives no state funding, this portion of the bill has no impact on the state budget.

Pension Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)

The fiscal impact of HB 6021 (H-AM 1) cannot be determined as the precise number of members who would be impacted by this proposal is difficult to discern because it is not known how many qualified members would make this election. The Teachers' Retirement System stated that the survivor contribution should cover the cost of the benefit program, and should not result in an increased cost. However, the Illinois Municipal Retirement Fund foresees a minimal fiscal impact, and the State Universities Retirement System stated that it is not possible to measure the extent of a fiscal impact from this bill.

State Debt Impact Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)

HB 6021 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Amends the General Provisions Article of the Illinois Pension Code. Requires every pension fund or retirement system under the Code to develop and implement, by no later than June 30, 2017, a process to identify annuitants who are deceased. The process shall require the pension fund or retirement system to check for any deceased annuitants at least once per month and shall include the use of commonly accepted methods to identify persons who are deceased, which include, but are not limited to, the use of a third party entity that specializes in the identification of deceased persons, the use of data provided by the Social Security Administration, the use of data provided by the Department of Public Health's Office of Vital Records, or the use of any other method that is commonly used by other states to identify deceased persons. Amends the Vital Records Act to make a conforming change. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

House Floor Amendment No. 1

30 ILCS 805/8.39 new

Adds reference to:

30 ILCS 805/8.40 new

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Excludes pension funds established under the Downstate Police or Downstate Firefighter Articles of the Illinois Pension Code from the requirement of developing and implementing a process to identify annuitants who are deceased. Provides that the information contained in the vital records shall be made available at no cost to the pension fund or retirement system. Effective immediately.

Fiscal Note, House Floor Amendment No. 1 (State Retirement Systems)

HB 6030 (H-AM 1) has no impact on the 3 retirement systems administered by our organization. The primary reason for no impact is due to the fact that we are currently in compliance with such provisions.

Land Conveyance Appraisal Note, House Floor Amendment No. 1 (Dept. of Transportation)

No land conveyances are included in this legislation, therefore, there are no appraisals to be filed.

State Debt Impact Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)

HB 6030 (H-AM 1) would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Correctional Note (Dept of Corrections)

This bill has no fiscal or population impact on the Department of Corrections.

Correctional Note, House Floor Amendment No. 1 (Dept of Corrections)

This bill has no fiscal or population impact on the Department of Corrections.

Fiscal Note, House Floor Amendment No. 1 (State Universities Retirement System)

HB 6030 (H-AM 1) does not impose any additional costs on the State Universities Retirement System, as the System already complies with the requirements of the legislation. Further, to the extent that access to the State vital records granted in HB 6030 (H-AM1) enables the System to better identify and recoup overpaid amounts, it will result in a net positive impact to the System.

Pension Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)

The fiscal impact of HB 6030 (H-AM 1) would be presumably minimal but confined to administrative expenses as every pension fund or retirement system implements a process to track down deceased annuitants.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Senate Floor Amendment No. 1

Provides that any information contained in the vital records shall be made available at no cost to any pension fund or retirement system under the Illinois Pension Code for administrative purposes.

HB 06093 (CONTINUED)

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill and adds the following. Further amends the Illinois Vehicle Code. Defines "covered heavy duty tow and recovery vehicle", "towaway trailer transporter combination", and "trailer transporter towing unit". Provides the Code Chapter governing weight of vehicles applies to fire apparatus, but maintains the fire apparatus Code exemption for size and load. Provides on Class I and Class II highways that: (1) a truck in transit transporting 3 trucks coupled together by the triple saddlemount method may not exceed 97 feet overall dimension (rather than 75 feet) and (2) a towaway trailer transporter combination may not exceed 82 feet overall dimension. Provides towaway trailer transporter combinations, with no overall length limitations, with certain exceptions, have unlimited access to points of loading, unloading, or delivery to or from a manufacturer, distributor, or dealer. Exempts from the Code's general wheel and axle load and gross weight formula: (1) a covered heavy duty tow and recovery vehicle, (2) a vehicle or combination of vehicles that uses natural gas or propane gas as a motor fuel may exceed the Code's weight limitations by up to 2,000 pounds on all highways (rather than providing an exception for interstate highways), (3) an emergency vehicle that is a vehicle designed to be used under emergency conditions to transport personnel and equipment, and used to support the suppression of fires and mitigation of other hazardous situations, may not exceed 86,000 pounds gross weight, or any of the following weight allowances: (i) 24,000 pounds on a single steering axle; (ii) 33,500 pounds on a single drive axle; (iii) 62,000 pounds on a tandem axle; or (iv) 52,000 pounds on a tandem rear drive steer axle, and (4) a bus, motor coach, or recreational vehicle may carry a total weight of 24,000 pounds on a single axle, but may not exceed other weight provisions of the Code. 20 ILCS 2630/5.2

Amends the Criminal Identification Act. Permits the sealing of all felony convictions, except Class X felonies and except certain excluded offenses. Provides that the expungement of records that resulted in a successful completion of the supervision or qualified probation may be expunged after satisfactory termination of the supervision or probation (rather than after 2 or 5 years following satisfactory termination of the supervision or probation).

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Criminal Identification Act. Deletes provision that a petitioner who petitions the circuit court to expunge the records of his or her arrests and charges not initiated by arrest must have never been convicted of a criminal offense. Provides that no fee shall be required to be paid by the petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except the sealing or expungement of records of minor traffic offenses.

Fiscal Note, House Committee Amendment No. 1 ()

House Bill 6328 (H-AM 1) would eliminate fees for expungements and sealing of records. Also, approximately 1.14 million additional people would become eligible to expunge their records under this bill. In FY15, \$527,880 in revenue was collected from associated fees. As written, this bill would eliminate that revenue stream which partially funds the personal services of ten employees, a total cost of approximately \$1.015 million when benefits are included. Due to the increase in eligibility, an additional ten employees would be necessary at an approximate cost of \$1.015 million. These services would be performed with no identified funding source, requiring the allocation of additional General Revenue funds annually in order to support the unit and related operations (approximate \$2.03 million recurring annual impact to GRF).

705 ILCS 405/5-915

Replaces everything after the enacting clause. Amends the Criminal Identification Act. Deletes provision that a petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest that have not resulted in a conviction, other than excluded offenses, only when the petitioner has never been convicted of a criminal offense. Provides that when a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest. Deletes provision that the person whose records are to be expunged shall pay the clerk of the circuit court a fee equivalent to the cost associated with expungement of records by the clerk and the Department of State Police. Provides that no fee shall be required for filing a petition for expungement or sealing if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived. Provides that for a period of one year from the effective date of the amendatory Act or until January 1, 2018, whichever is later, in a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded.

Makes changes to provide that the regional board of school trustees or the regional boards of school trustees may not grant a petition if doing so will increase the percentage of minority or low-income students or English learners by more than 3% at the attendance center where students in the detaching territory currently attend, provided that if the percentage of any one of those groups also decreases at that attendance center, the regional board or boards may grant the petition upon consideration of other factors. Removes provisions providing that the annexing school district shall be liable for its financial obligations to the Capital Development Board. Makes other changes.

Requires the Department of Public Health to develop rules and appropriate revisions to the Child Health Examination form in conjunction with certain organizations and other individuals. Includes more items that rules must address. Allows physicians licensed to practice medicine in all of its branches, licensed advanced practice nurses, licensed physician assistants, and other professionals determined by rule to conduct the screenings (rather than just physicians licensed to practice medicine in all of its branches). Allows qualified school support personnel to offer, with the parent's or guardian's consent, the required screenings if a child fails to present proof of undergoing the screenings by October 15th of the school year. Allows schools to offer appropriate school personnel to work with parents and guardians regarding the screening. Provides that the confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening (rather than requiring that information must be shared in a manner consistent with laws and policies governing health care confidentiality). Makes other changes. Further amends the School Code. In the Charter Schools Law of the School Code, requires charter schools to require certain health examinations and immunizations.

House Floor Amendment No. 2

Replaces everything after the enacting clause with provisions of the bill as amended by House Amendment No. 1 with the following changes: Requires revisions to the Child Health Examination form developed by the Department of Public Health to recommend the use of validated screening tools appropriate to the child's age or grade, and, with regard to the social and emotional screening, require recording only whether or not the screening was completed (rather than tools appropriate to the child's age or grade level). Removes the authority for the Department of Public Health to designate by rule other professionals that may conduct the developmental screening and social and emotional screening beyond physicians licensed to practice medicine in all of its branches, licensed advanced practice nurses, and licensed physicians assistants. Provides that with regard to the social and emotional screening, the examining health care provider shall only record whether or not the screening was completed. Provides that the duty to summarize certain information on the health examination form does not apply to social and emotional screenings. Provides that a child may (rather than shall) present proof of having completed the developmental screening and the social and emotional screening. Adds an effective date of June 1, 2017.

New Act

Creates the Hepatitis C Screening Act. Provides that every individual born between the years of 1945 and 1965 who receives health services from a hospital as an inpatient or in the emergency department of a hospital or who receives primary care services in an outpatient department of a hospital or who receives health services from a health care practitioner providing primary care shall be offered a hepatitis C-related test, unless the health care practitioner providing the services reasonably believes that certain conditions are present. Effective January 1, 2016.

Adds reference to:

from Ch. 111 1/2, par. 1411.2

Adds reference to:

215 ILCS 165/10

from Ch. 32, par. 604

Adds reference to:

305 ILCS 5/5-16.8

Replaces everything after the enacting clause with the introduced bill with the following changes: Provides that hepatitis C testing requirements do not apply if: the health care practitioner reasonably believes that testing is contraindicated for the patient; it would interfere with appropriate care; or the patient is being seen for an acute ailment, illness, or condition. Amends the Illinois Insurance Code. Provides that every insurer that amends, delivers, issues, or renews a group or individual major medical policy of accident and health insurance in this State providing coverage for hospital or medical treatment shall provide coverage for hepatitis C screening and confirmatory testing consistent with reasonable medical standards. Makes conforming changes in the State Employees Group Insurance Act of 1971, the Counties Code, the Illinois Municipal Code, the School Code, the Health Maintenance Organization Act, the Voluntary Health Services Plans Act, and the Illinois Public Aid Code.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause with the bill as amended by Senate Amendment No. 1, but removes provisions requiring the Department of Public Health to conduct a public education campaign concerning hepatitis C.

Balanced Budget Note (Office of Management and Budget)

This bill will likely have a significant fiscal impact to the State's Medicaid and Group Health Insurance programs due to increased screening and treatment of Hepatitis C. The anticipated costs are not available at this time.

Passage of this bill without an accompanying source of revenue will result in an unbalanced budget.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Correctional Note (Dept of Corrections)

There are no penalty enhancements associated with SB 661. The bill would have no fiscal or population impact on the Department of Corrections.

State Debt Impact Note (Government Forecasting & Accountability)

SB 0661 as Engrossed, would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Pension Note (Government Forecasting & Accountability)

SB 661, as engrossed, will have no impact on any public pension fund or retirement system in Illinois.

SB 00661 (CONTINUED)

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in SB 661; therefore, there are no appraisals to be filed.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Fiscal Note (Dept. of Healthcare & Family Services)

For purposes of this analysis, it is assumed that primary care providers are offering and/or recommending testing to at-risk populations based on sound medical reasoning. However, there may be an indirect impact to the Department from the publicity of hepatitis C legislation and the new hepatitis C drugs. Increased awareness of those in an at-risk population coupled with a mandate is likely to increase testing utilization. In FY14 and FY15, the Department did and is estimated to spend about \$1.5 million for testing. A 10% increase in FY16 testing utilization would increase liability by \$150,000 thousand. Additional testing would potentially double the population receiving treatment. This would result in an added pharmaceutical cost of \$8.5 million annualized.

New Act

30 ILCS 805/8.39 new

Creates the Student Transfer Achievement Reform Act. Provides that a public community college student who earns an associate degree for transfer granted pursuant to the Act is deemed eligible for transfer into the baccalaureate program of a State university if the student (1) completes 60 semester units or 90 quarter units that are eligible for transfer to a State university and (2) obtains a minimum grade point average of 2.0 on a 4.0 scale. Requires a community college district to develop and grant associate degrees for transfer that meet the requirements of the Act. Requires a State university to guarantee admission with junior status to any community college student who meets all of the requirements of the Act. Provides that a State university shall grant a local community college student priority admission and admission to a program or major that is similar to his or her community college major or area of emphasis. Provides that a student admitted under the Act shall receive priority over all other community college transfer students. Sets forth provisions concerning coursework, reviews and reports by the Board of Higher Education, and implementation of the Act. Amends the State Mandates Act to require implementation without reimbursement.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the contents of the introduced bill with the following changes: Provides that a community college student who earns an associate degree for transfer, an Associate of Arts, or an Associate of Science that is consistent with degree requirements of the Illinois Community College Board and the Board of Higher Education and aligned with the policies and procedures of the Illinois Articulation Initiative (rather than an associate degree for transfer), is deemed eligible for transfer. Removes provisions providing that a community college student is deemed eligible for transferring into the baccalaureate program of a State university upon completion of 60 semester hours or 90 quarter units and a minimum of 18 semester units or 27 quarter units in a major or area of emphasis. Provides that without the approval of the Illinois Community College Board and the Board of Higher Education, a community college district may not impose any requirements for a student to be eligible for an associate degree for transfer and subsequent admission to a State university. Provides that non-transfer coursework must not be counted as part of the transferrable units required. Provides that a State university shall admit and grant junior status in a program, subject to available program capacity, to any Illinois community college student who meets Act requirements, who has completed all lower-division prerequisites, and who meets the admission requirements of the State university's program or major (rather than a State university shall guarantee admission with junior status to any community college student who meets Act requirements). Removes provisions providing that a State university shall grant a local community college student priority admission and admission to a program or major that is similar to his or her community college major or area of emphasis. Provides that a State university may not require a transferring student to take more than 60 additional semester units beyond the lower-division major requirements for majors requiring 120 semester units, provided that the student remains enrolled in the same program of study and has completed university major transfer requirements. Removes provisions providing that a State university may require a transferring student to take additional courses at the State university so long as the student is not required to take any more than 60 additional semester units or 90 quarter units at the State university. Provides that a State university may not require transferring students to repeat courses that are articulated with (instead of similar to) those taken at the community college and counted toward an associate degree for transfer. Provides that the General Assembly encourages State universities and community colleges to facilitate the seamless transfer of credits toward a baccalaureate degree.

Amends the School Code. Requires the State Board of Education to publish on its Internet website the exemption from immunization data it receives from schools. Provide that parents or legal guardians who object to health, dental, or eye examinations or immunizations on religious grounds must present to the appropriate local school authority a Department of Public Health objection form, detailing the grounds for the objection and signed by the parent or legal guardian, as well as a religious official attesting to a bona fide religious objection whose signature must be notarized (instead of presenting a signed statement of objection detailing the grounds for the objection). Provides that if the physical condition of a child is such that any one or more of the immunizing agents should not be administered, the child's parent or legal guardian must present to the appropriate local school authority a statement signed by the child's regular examining physician, advanced practice nurse, or physician assistant attesting to that fact. Contains provisions concerning the religious objection. Requires the local school authority to inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules, at the time the objection is presented. Effective immediately.

Senate Floor Amendment No. 2

Provides that those receiving immunizations shall be provided with the relevant vaccine information statements prior to administering a vaccine. Provides that a healthcare provider may consider including nationally accepted recommendations from federal agencies, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. Requires parents or legal guardians to submit the certificate to their local school authority, prior to the dates of entering kindergarten, sixth grade, and ninth grade (instead of annually), for each child for which they are requesting an exemption.

Amends the Health Care Right of Conscience Act. Makes changes in the Section concerning findings and policy. Defines "access to care and information protocols" and "material information". Provides that notwithstanding any other law, a health care facility, or any physician or health care personnel working in the facility, may refuse to permit, perform, assist in, counsel about, suggest, recommend, refer for, or participate in health care services because of a conscience-based objection only if the refusal occurs in accordance with written access to care and information protocols designed to ensure that (1) the patient receives material information in a timely fashion; and (2) the refusal will not impair the patient's health by causing delay of or inability to access the refused health care service. Provides that nothing in the Act shall be construed to prevent a health care facility from requiring that physicians or health care personnel working in the facility comply with access to care and information protocols. Makes other changes in Sections concerning: (i) discrimination by employers or institutions; and (ii) liability.

Senate Committee Amendment No. 2

Makes a change in the Section concerning findings and policy. Provides that the amendatory provisions are applicable notwithstanding other provisions of the Health Care Right of Conscience Act or any other law (rather than "notwithstanding any other law").

Adds reference to:

745 ILCS 70/6 from Ch. 111 1/2, par. 5306

Reinserts the provisions of the bill as introduced, but with the following changes: In a provision defining terms: (i) removes the terms "access to care and information protocols" and "material information" and their corresponding definitions; and (ii) defines "undue delay" as unreasonable delay that causes impairment of the patient's health. Provides that the protocols must, at a minimum, address certain matters. Removes changes made to a provision concerning discrimination by employers or institutions. Adds a January 1, 2016 effective date.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

Does not create a State mandate.

Correctional Note (Dept of Corrections)

There are no penalty enhancements associated with SB 1564. The bill would have no fiscal or population impact on the Department of Corrections.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in SB 1564; therefore, there are no appraisals to be filed.

Pension Note (Government Forecasting & Accountability)

SB 1564 will not impact any public pension fund or retirement system in Illinois.

State Debt Impact Note (Government Forecasting & Accountability)

SB 1564 as Engrossed, would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

SB 01564 (CONTINUED)

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

Balanced Budget Note (Office of Management and Budget)

This bill will not have a fiscal impact to the State.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Fiscal Note (Dept. of Public Health)

SB 1564 has zero fiscal impact on the Department of Public Health.

Fiscal Note (Dept. of Healthcare & Family Services)

It is unclear if the passage of SB 1564 would jeopardize federal funding for the Illinois Medical Assistance Program.

The Church Amendment codified at 42 U.S.C. § 300a-7, stipulates that for healthcare services funded in whole or in part by a program administered by the U.S. Department of Health and Human Services (HHS), no person may be required to "perform or assist in the performance of any sterilization procedure or abortion if his performance or assistance in the performance of such procedure or abortion would be contrary to his religious beliefs or moral convictions." The requirement in SB 1564 that the provider refer individuals to other providers who perform the procedure, especially if abortion or sterilization, violates the Church amendment; such referral could be interpreted as assistance with a morally objectionable procedure.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

House Floor Amendment No. 1

Removes the effective date Section.

Land Conveyance Appraisal Note, House Floor Amendment No. 1 (Dept. of Transportation)

Would not affect the level of State indebtedness.

Judicial Note, House Floor Amendment No. 1 (Admin Office of the Illinois Courts)

Provides that in prosecutions for prostitution, when the accused intends to raise at trial the affirmative defense of being a victim of involuntary servitude or trafficking in persons as defined in the Code, or was a victim of trafficking as defined in the federal Trafficking Victims Protection Act of 2000 and has reason to believe that the evidence presented in asserting that defense may jeopardize the safety of the accused, courtroom personnel, or others impacted by human trafficking, the accused may file under seal a motion for an in camera hearing to review the accused's safety concerns. Provides that the court shall not consider the merits of the affirmative defense during the in camera review. Provides that if the court finds that the assertion of an affirmative defense by the accused in open court could jeopardize the safety of the accused, court personnel, or other persons, the court may clear the courtroom with the agreement of the accused, order additional in camera hearings, seal the records, prohibit court personnel from disclosing the proceedings without prior court approval, or take any other appropriate measure that in the court's discretion will enhance the safety of the proceedings and ensure the accused a full and fair opportunity to assert his or her affirmative defense. Provides that statements made by the accused during the in camera hearing to review safety concerns shall not be admissible against the accused for the crimes charged. Effective immediately.

Senate Committee Amendment No. 1

Deletes from the new affirmative defense to a charge of prostitution that the accused engaged in or performed prostitution as a result of being a victim of trafficking as defined in the federal Trafficking Victims Protection Act of 2000. In the new amendatory changes to the Code of Criminal Procedure of 1963, provides that if an in camera hearing on the accused's safety concerns is held, the court shall cause an official record of the in camera hearing to be made, which shall be kept under seal. Provides that the court's determination of safety concerns must be by a preponderance of the evidence and that the assertion that presenting the affirmative defense to a charge of prostitution by the accused in open court would likely (rather than could) jeopardize the safety of the accused, court personnel, or other persons.

SB 01763 (CONTINUED)

Replaces everything after the enacting clause. Amends the Children and Family Services Act. Amends the Child Care Act of 1969. Fiscal Note (IL Board of Higher Education)

SB 02059 (CONTINUED)

This amendment makes the following appropriations payable from the Education Assistance Fund (EAF) for costs incurred prior to September 1, 2016, as follows: (1) \$20,107,300 - Chicago State University; (2) \$6,974,400 - Governors State University; (3) \$74,142,300 - Illinois Community College Board; (4) \$6,000,000 - Illinois Mathematics and Science Academy; (5) \$10,695,100 - Northeastern Illinois University; (6) \$57,482,200 - Southern Illinois University; (7) \$168,989,500 - University of Illinois; (8) \$11,104,600 - University of Illinois, Hospital; (9) \$12,456,500 - Eastern Illinois University; (10) \$20,934,900 - Illinois State University; (11) \$169,798,700 - Illinois Student Assistance Commission, MAP Awards; (12) \$26,403,200 - Northern Illinois University; (13) \$14,911,400 - Western Illinois University. In total, the amendment appropriates \$600,000,100 from the Education Assistance Fund. According to the State Comptroller's Ledger website, the "ending daily balance" in the Education Assistance Fund on April 19, 2016 was \$302.7 million. Since the Illinois Board of Higher Education is not privy to fiscal information regarding all obligations anticipated to be payable from the EAF for Fiscal Year 2016, a budgetary balance statement cannot therefore be provided. However, pursuant to the Balanced Budget Impact Note filed on April 21, 2016 by the Governor's Office of Management and Budget, the office responsible for such monitoring such of state funds and recording obligations to be drawn accordingly, reports there will be sufficient revenues in the EAF to meet the appropriations provided in this legislation. Specifically, the Note states: "All appropriations in this bill are from the Education Assistance Fund and there are sufficient FY16 revenues for this fund to support these appropriations. The funds in the Education Assistance Fund can only be utilized for education funding and Senate Bill 2059 (H-AM 3) does not add to the FY16 budget deficit already projected by the Governor's Office of Management and Budget."

SB 02814 (CONTINUED)

Adds the following provisions to the bill as amended. Amends the Public Utilities Act. In a provision concerning the Public Utility Fund, requires the Illinois Commerce Commission to make certain calculations related to the Public Utility Fund during the month of October of each year. Provides that if the Commission determines that amounts appropriated from the Public Utility Fund exceed the amounts in the Fund, the Commission may assess electric utilities and gas utilities for the difference between the amount appropriated for the ordinary and contingent expenses of the Commission and the amount derived pursuant to a tax imposed upon public utilities, and such proceeds shall be deposited in the Public Utility Fund in the State treasury. Provides that the Commission shall apportion that amount among those public utilities on the basis of each utility's share of the total intrastate gross revenues of the utilities subject to the tax. Provides that the required payments shall be made in the time and manner directed by the Commission. Provides that the Commission shall permit utilities to recover Illinois Commerce Commission assessments through an automatic adjustment mechanism that is incorporated into an existing tariff that recovers costs, or through a supplemental customer charge. Provides that within 6 months after the first time assessments are made, the Commission shall initiate a docketed proceeding in which it shall consider, in addition to assessments from electric and gas utilities, the raising of assessments from, or the payment of fees by, water and sewer utilities, entities possessing certificates of service authority as alternative retail electric suppliers, entities possessing certificates of service authority as alternative gas suppliers, and telecommunications carriers providing local exchange telecommunications service or interexchange telecommunications service. Provides that the amounts so determined shall be based on the costs to the agency of the exercise of its regulatory and supervisory functions with regard to the different industries and service providers subject to the proceeding. Provides that no less often than every 3 years after the end of a proceeding, the Commission shall initiate another proceeding for that purpose. Provides that the Commission may use this apportionment method until the docketed proceeding in which the Commission considers the raising of assessments from other entities subject to its jurisdiction under this Act has concluded. Provides that no credit memoranda shall be issued pursuant to another provision of the Public Utilities Act if the Commission determines that amounts appropriated from the Public Utility Fund exceed the amounts in the Fund.

Fiscal Note, House Floor Amendment No. 5 (Illinois Commerce Commission)

This legislation ensures that revenues collected by the Public Utility Fund are sufficient to pay the expected expenditures as appropriated by the General Assembly. There would be no additional workload on the State as a result of this Amendment. In provisions concerning trial procedure, permits the Adjutant General to adopt rules in accordance with the Illinois Administrative Procedure Act which establish pretrial, trial, and post-trial procedures for courts-martial cases and for courts of inquiry (rather than permitting the Governor or the Adjutant General to prescribe pretrial, trial, and post-trial procedures for courts-martial cases, and for courts of inquiry, by Executive Order or regulations). In a provision concerning appellate counsel, provides that the Attorney General shall act as appellate government counsel to represent the State in the review or appeal of cases specified in the Code and before any federal court (rather than providing that the senior force judge advocate shall detail a judge advocate as appellate government counsel to represent the State in the review or appeal of cases specified in the Code and before any federal court when requested to do so by the Attorney General). Provides that the Attorney General may appoint a judge advocate nominated by the senior force judge advocate as a Special Assistant Attorney General to act as appellate government counsel to represent the State.
